

Prof. Mustafa GÜDEN
İzmir Institute of Technology

Professor Mustafa Guden attained his Bachelor's Degree from the Department of Metallurgical Engineering at the Middle East Technical University in 1992 and his Master's Degree in 1998. He received his PhD from the Department of Material Science and Engineering at the University of Delaware in 1998. Professor Guden is an academic at the Department of Mechanical Engineering at Izmir Institute of Technology. He was a visiting researcher at the University of Delaware Center for Composite Materials and a visiting scholar at Kazakh-British Technical University. Professor Guden was awarded with Professor Mustafa Parlar Master Thesis Award, Husamettin Tugac Foundation Technology Research Award, TUBITAK Motivation Award and Elginkan Foundation Technology Award. The main research area of Professor Guden is the high strain rate testing and modelling the materials and their structures including metals, polymers, ceramics, composites and cellular structures.
